November 17, 1958

Dr. Joshua Lederberg
Department of Genetics
University of Wisconsin
Madison 6, Wisconsin

Dear Doctor Lederberg:

Dr. S. Gaylen Bradley has indicated that he is interested in the position of assistant professor of bacterial genetics that we have open in our department. He has given us your name as a reference. We will be deeply indebted to you if you will give us your frank opinion as to Dr. Bradley's qualifications, both from the standpoint of his research and teaching ability. We are, of course, concerned with his general character, and particularly his ability to get along with his associates.

Very truly yours,

R. F. Holland, Head
Department of Dairy Industry.
